**Important Information please read carefully!**

### **How to send samples for analysis to Proteomics International in Australia from other countries.**

1. Print the Australian Quarantine form “**PI\_AQIS\_permit.PDF**” (three pages) and attach this document to the **outside** of your samples package in a plastic bag.
2. Cut the following declaration and paste into a document on **your institutional/company letterhead**, sign the declaration and attach this document to the **outside** of samples package in the same plastic bag:

---

#### **Attention: Australian Quarantine Inspection Service**

##### Declaration

I, \_\_\_\_\_ (name), of \_\_\_\_\_  
(Company/Institution) declare that the contents of this package originating from  
\_\_\_\_\_ (country) contains only proteins or peptides from  
\_\_\_\_\_ (organism [common name] /synthetic) for in vitro  
laboratory studies only and complies with the attached AQIS permit number  
IP08002572 (condition numbers PC0992 and PC0701).

Signed ----- Dated -----

=====

It is important that these **two** documents must be attached to the **OUTSIDE OF THE PACKAGE** and clearly marked “**Attention Quarantine**” and be **CLEARLY** visible. If this is not done, your samples will automatically be retained for inspection and a fee charged.

On occasions we are charged inspection fees on imported samples.  
*If this fee is incurred, it will be passed on to the client.*
